MEMORANDUM FOR: Deputy Director for Administration

SUBJECT : [REDACTED]
Protection Requirements

STATINTL

1. This memorandum is for your information only.

2. On 3 February 1976, representatives of this Office met with several representatives of the Federal Protective Service to discuss protection problems, and specifically, the [REDACTED] requirements. Mr. Francis W. Burkart, Director, Federal Protective Service Division, headed the FPS group. When queried on staffing the [REDACTED] Building, the FPS group initially responded with their hiring freeze, shortage of manpower, and other negative aspects. They could not, at this time, staff the building with Federal Protective Officers on a regular time basis.

3. This Federal Protective Service group did agree, as an emergency measure, to staff the [REDACTED] with Federal Protective Officers on an overtime basis. These officers will be utilized from both Zone 6 (Rosslyn) and Zone 7 (Headquarters). Basically, the staffing for the workweek will require three officers on duty from 7 a.m. through 11 p.m. daily, and two officers from 11 p.m. through 7 a.m. Two officers will be required on weekends and holidays. The overtime rate for this staffing is \$13.125 per hour; the approximate cost for one week's staffing is \$5,462.00.

STATINTL

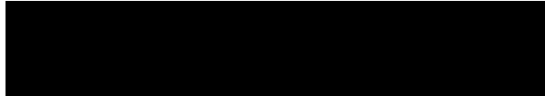

4. On Thursday, 5 February 1976 at 3:00 p.m., this Office will post the first group of FPO's at the [REDACTED]. We anticipate the possibility of a requirement for more than two FPO's on weekends during construction phases, but will attempt to alleviate the situation by utilizing as many security escorts as practicable. The overtime pay situation for staffing this facility is not the solution we desire, and will be acceptable only as an emergency measure. The FPS group acknowledges this fact and will attempt to solve the hiring dilemma as expeditiously as possible to alleviate the overtime charges to this Agency.

5. Unfortunately, I can anticipate that the overtime rate staffing of this building could have a tenure of three months or more before the hiring problem is solved and new applicants are recruited and investigated. I can assure you that during this period this Office will examine all possible FPO post cuts and closely negotiate with the Federal Protective Service on their hiring problems. We intend to end this temporary staffing solution as quickly as possible.
